

ANNOUNCEMENT NO. 1

ASEAN LAPAROSCOPIC HPB SURGERY CONFERENCE 5.5 (ASEAN LHC 5.5) IN CONJUNCTION WITH VIETNAM HBP SURGERY CONGRESS 2026 (VSHBPS 2026)

To: Distinguished Professors, Colleagues, and Partner Organizations/Companies

In recent years, the field of Hepato-Biliary-Pancreatic (HPB) Surgery, particularly laparoscopic HPB surgery, in Vietnam and across Southeast Asia has achieved remarkable progress, approaching the standards of leading countries worldwide. These achievements have been strongly supported by continuous medical education, scientific research, and the collaboration of pharmaceutical and medical device enterprises.

In order to further update knowledge, enhance surgical expertise, share clinical experience, and promote regional cooperation, the Organizing Committee is pleased to announce: **ASEAN Laparoscopic HPB Surgery Conference 5.5 (ASEAN LHC 5.5)** in conjunction with **Vietnam HBP Surgery Congress 2026 (VSHBPS 2026)** under the theme: *“Minimal Access, Maximum Outcomes: Optimizing Multimodal Therapy for HPB Cancers”*

- **Date:** May 15–16, 2026 (Friday & Saturday)
- **Venue:** Ariyana Convention Centre (107 Vo Nguyen Giap Street, Ngu Hanh Son District, Da Nang City, Vietnam)
- **Format:** On-site Conference

The conference is expected to gather leading experts, surgeons, physicians, and scientists in HPB surgery and minimally invasive surgery from Vietnam, Southeast Asia, and internationally, including distinguished speakers from Korea, Japan, and the United States. This conference will serve as a major scientific forum to update the latest advancements, exchange professional expertise, and shape the future direction of HPB surgery in the region.

Importantly, the year 2026 marks the official establishment of the Vietnamese Society of Hepato-Biliary-Pancreatic Surgery (VSHBPS), formally recognizing the formation of an independent professional organization uniting leading HPB surgeons nationwide.

In this context, ASEAN LHC 5.5 in conjunction with VSHBPS 2026 is not only an annual scientific event but also the inaugural congress celebrating the official launch of VSHBPS. The event carries historical significance and inaugurates a new phase of scientific, educational, and international collaboration activities of the Society.
